

Human Darts Game

Friends

One team member is chosen to be the 'target'. That person puts on a poncho and safety glasses. The team then spreads whipped cream on the target's face. The target stands on the short, straight line. The rest of the team is given 3 round Cheetos each. They stand on the curved line and throw the Cheetos at the target, trying to get them to stick to the whipped cream.

Points: The team gets a point for each Cheeto that sticks until the end.

Wrap-up: "Choose your friends carefully. They will greatly influence how you think and act, and even help determine the person you will become." Choose friends who will help you **stick** to your values.
