

The Biggest Gainer Live Script

Host:

Welcome to the season finale of the Biggest Gainer! It has been an amazing journey to get to this point for our contestant. Tonight we find out if she will be the biggest gainer. Now lets bring her out... its Becki!

Welcome Becki, how are you feeling tonight?

Becki:

I'm a little nervous. This is a big night. I just hope I have done enough.

Host:

Could you imagine when you started that you would make it this far?

Becki:

I really wanted to. I know God will not give me anything I can't handle. I just wish that He didn't trust me so much. It seemed so impossible at first, but as the weeks went by, I got more confident that I could do it.

Host:

Lets take a look back at before you became a contestant on the Biggest Gainer. Take a look at your application video:

Host:

So what do you think of that?

Becki:

Wow that seems like a really long time ago. I can't believe that was me. I know I am never going to be like that again... this program has truly changed my life. I now have direction and confidence. I remember the first time I opened my Personal Progress book, to be honest, it seemed a little overwhelming.8 values, 3 required, 3 electives and one 10 hour project per value...that made me feel...dizzy. I didn't think it was possible to get all that done in 6 years. I mean...I did have life outside of church.

Let's take a look back at your journey:

Host:

Welcome back everyone, we have been watching Becki’s journey through this season of the Biggest Gainer. Becki, how does it feel to look back like this?

Becki: It really shows how far I have come. There are just so many things I have gained from being in this program. I don’t want to go back to being that person... I will never go back.

Host: Lets look at the final leg of your journey

Becki:

Lets do this!

(Becki gets on scale)

Host:

Becki, at the beginning of this program you were already of infinite worth. This season you have been working to gain values. To be the biggest gainer, you will need to have gained 8 values. Your current value count is...
