The committee usually meets monthly. The bishop may conduct or he may ask one of his counsellors or the priest quorum assistant or the Laurel class president. Before the meeting the bishop reviews and approves the agenda with person who will be conducting. The agenda may include the following items:

- Identify needs and interests of individual youth in the ward. Plan how to help meet those needs. Plan how to help youth promote and live church standards.
- Determine how to encourage individual youth to participate in church meetings and activities - including seminary.
- Plan and report on fellowshiping efforts for youth who are investigating the church, youth who have been recently baptised and youth who are less active.
- Schedule and plan youth activities that are consistent with the needs that have been identified. These activities include combined YM/YW activities and ward youth conferences - adults should include youth as much as possible in planning and carrying out these activities.
- Evaluate past activities to see if youth relationships were strengthened and if the intended purposes were fulfilled.

These committee meetings should provide leadership opportunities and instruction for youth.
