

The Frog's Fate

by Carrie Motley

If in hot water you place a Frog,
Quickly he'll escape.

Yet if you put the Frog in before the fire,
Patiently he'll wait.

Turn the fire on and surely you will find,
The frog will enjoy his little bath, until it's much too late.

Sadly he didn't feel the heat was slowly rising,
Just as Satan's lure lulls you to temptation's fate.

After you turn 16:

*Don't kiss all the frogs
before you find your prince!*
