

## Sharing Time October 2012

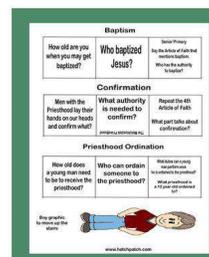

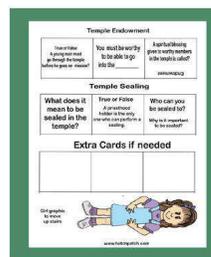

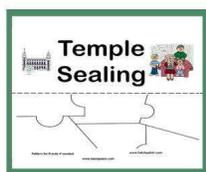

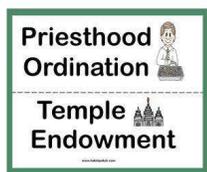

Week 2: We receive the ordinances of salvation through the priesthood.

**Identify the doctrine:** I love the object lesson that was listed using an umbrella. Another idea to prove the same point is for you to stand up at the front of the room with a rubber stamp and ink. Talk about how you love this stamp. Go around and stamp all of the children's hands. Explain how the priesthood works the same way. Even though one person might hold it, it can be shared with everyone.

### Encourage Understanding:

Print and cut out all of the word strips. (See attached) I have attached a puzzle template to help cut them if needed. Follow the idea listed in the Sharing Time outline. Another idea would be to leave the word strips whole. Attach them to the board as shown in the outline making steps toward the Savior. Print and cut out both card sheets. (see attached) Place the boy and girl at the bottom. Split the primary into two groups. Place the boy and girl at the bottom of the steps. Ask each group a question about "Baptism." This is the first step. If they answer correctly they get to move up the steps. Continue to play asking questions that correlate with each step. Take time to teach each principal as you go.

You could even combine the puzzle activity and the question game.
