

Bishopric Message:

“I am come that they might have life, and that they might have *it* more abundantly.”
John 10:10

The abundant life is... achieved as we magnify our view of life, expand our view of others, and our own possibilities. Thus the more we follow the teachings of the Master, the more enlarged our perspective becomes. We see many more possibilities for service than we have seen without this magnification. There is great security in spirituality, and we cannot have spirituality without service!

The abundant life, of course, has little to do with the acquisition of material things, though there are many wonderful individuals who have been blessed materially and who use their wealth to help their fellowmen. The abundant life mentioned in the scriptures is the spiritual sum that is arrived at by the multiplying of our service to others and by investing our talents in service to God and to man.

President Spencer W. Kimball,
Adapted from an address given to students of Weber State College,
Ogden, Utah on 4 November 1977

Remember to carpool to the Temple
