Value Experience #5

Learn about an area of work or service that interests you. Talk to someone that works in that field, and find out what that person's job responsibilities are, what training or education the person obtained to do the job, and what contributions this person's job makes to society.

Write your findings in your journal.

The lines are uniform in thickness and spacing, creating a ruled appearance similar to notebook paper. There are no margins, text, or other markings present on the page.
