

Dear Susie

November 2006

Part of Heavenly Father's plan is for us to help and sustain each other along our earthly journey. Visiting teaching is here for that purpose. This is not just a simple assignment. This is the Lord's way of establishing new relationships with those who have just joined the ward family as well as strengthening the friendships we have already kindled.

The sisters under your stewardship are:

Susie /Jane (phone numbers go there)												
	J	F	M	A	M	J	J	A	S	O	N	D
Smith Lois- 03 Jul 555-555-5555 712 E 26 th St.												
Rupert Patty - 01 Dec 555-555-5555												
Brown, Alie 05 Mar												
Hanna, Amy – 10 oct												

You can see that your companion is Sister Jane Doe. Please contact each other and coordinate visits in the homes of your sisters that you visit. One of the great purposes of visiting teaching is to bring the spirit of the Lord in the home of whom you teach. Please look over the lesson and prayerfully consider what each sister may need.

You will see that the above is a monthly chart. Please feel free to use it as a reminder of those you have taught and fellowshiped each month.

May you be blessed with the spirit of charity and compassion as you seek to fulfill the needs of these sweet sister's. We know that Heavenly Father will bless you as you travel and find time in your busy schedules. May Heavenly Father bless you in your efforts and open doors and hearts as you step forward with faith.

With Love,

RS President, and Coordinators (you can put your names here)

*Please call us with your reports each month. Thank you!!

“The Relief Society—this great circle of sisters”

Your **every** need shall be fulfilled,
Now, and in the eternities;
every neglect will be erased;
every abuse will be corrected.
All of this can come to you,
and come quickly,
when you devote yourself to Relief Society.
