

*How does a
caterpillar become a
Butterfly?*

*It patiently accepts the
CHANGES it cannot
control.*

*In doing so, it becomes
more than an average
bug. It emerges as the
Beautiful creation the
Lord intended, with
Wings to soar over the
branches it previously
clung to.*

*"...and out of Small
Things Proceedeth That
Which Is Great"*

(D&C 64:33)
